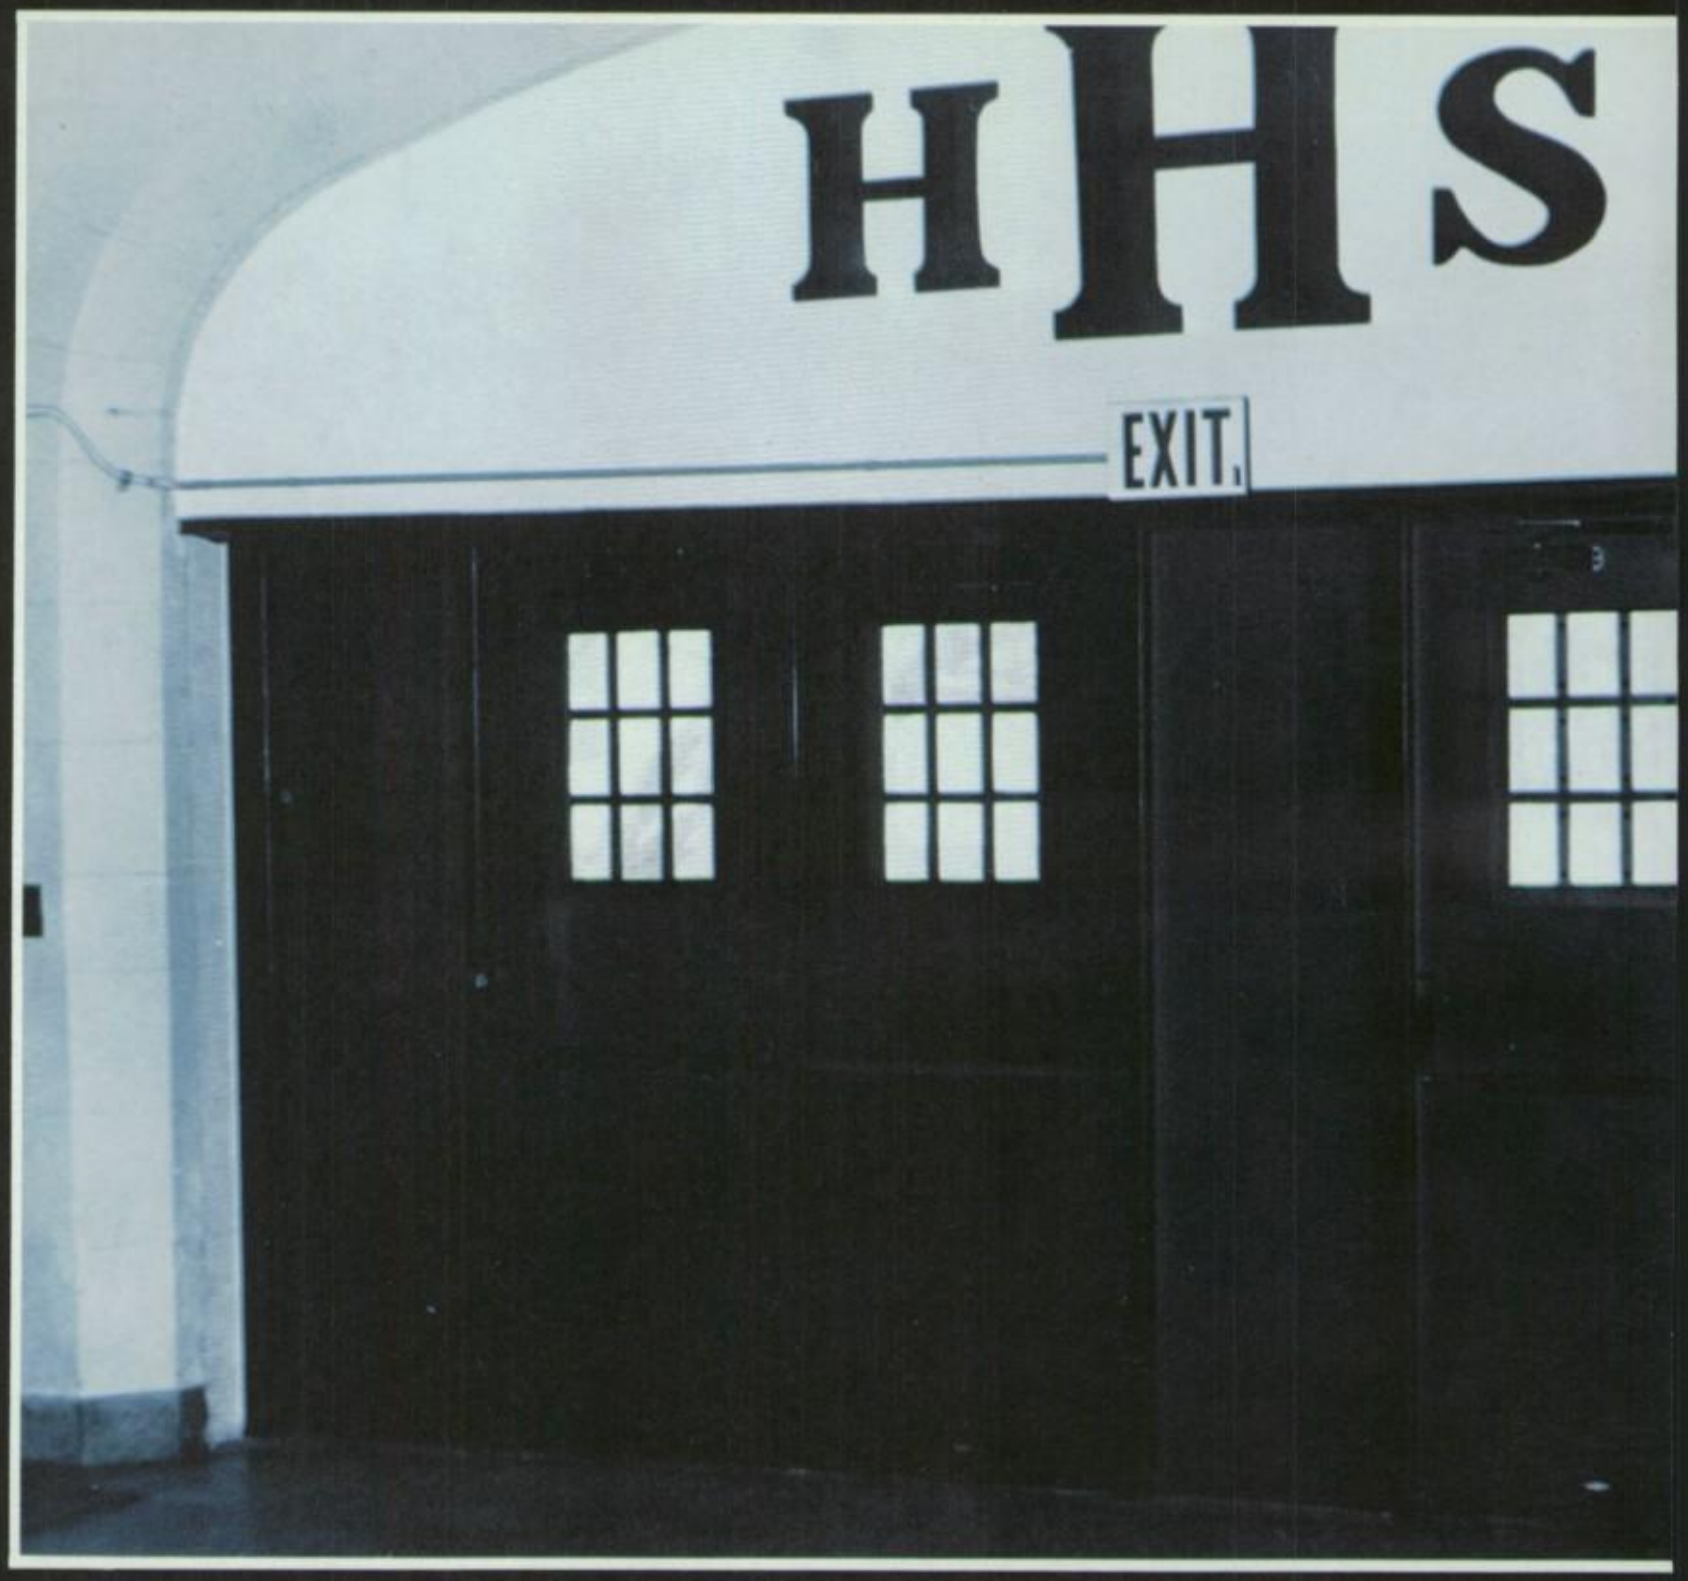
HHS



The spirit of a school and of a year in that school is always unique. It is shaped in part by environment. But the setting: hallways, doors and classrooms, remains incomplete and lifeless without . . .

Faces, familiar and new, animated and lively, quiet and contemplative — blending together in the surroundings to begin to form the special qualities that make this year unlike all others.

The people and the setting meld in encounters — social, educational, athletic — in groups and alone. Activities run a gamut in depth and variety, shaping and being shaped by the school and the year.

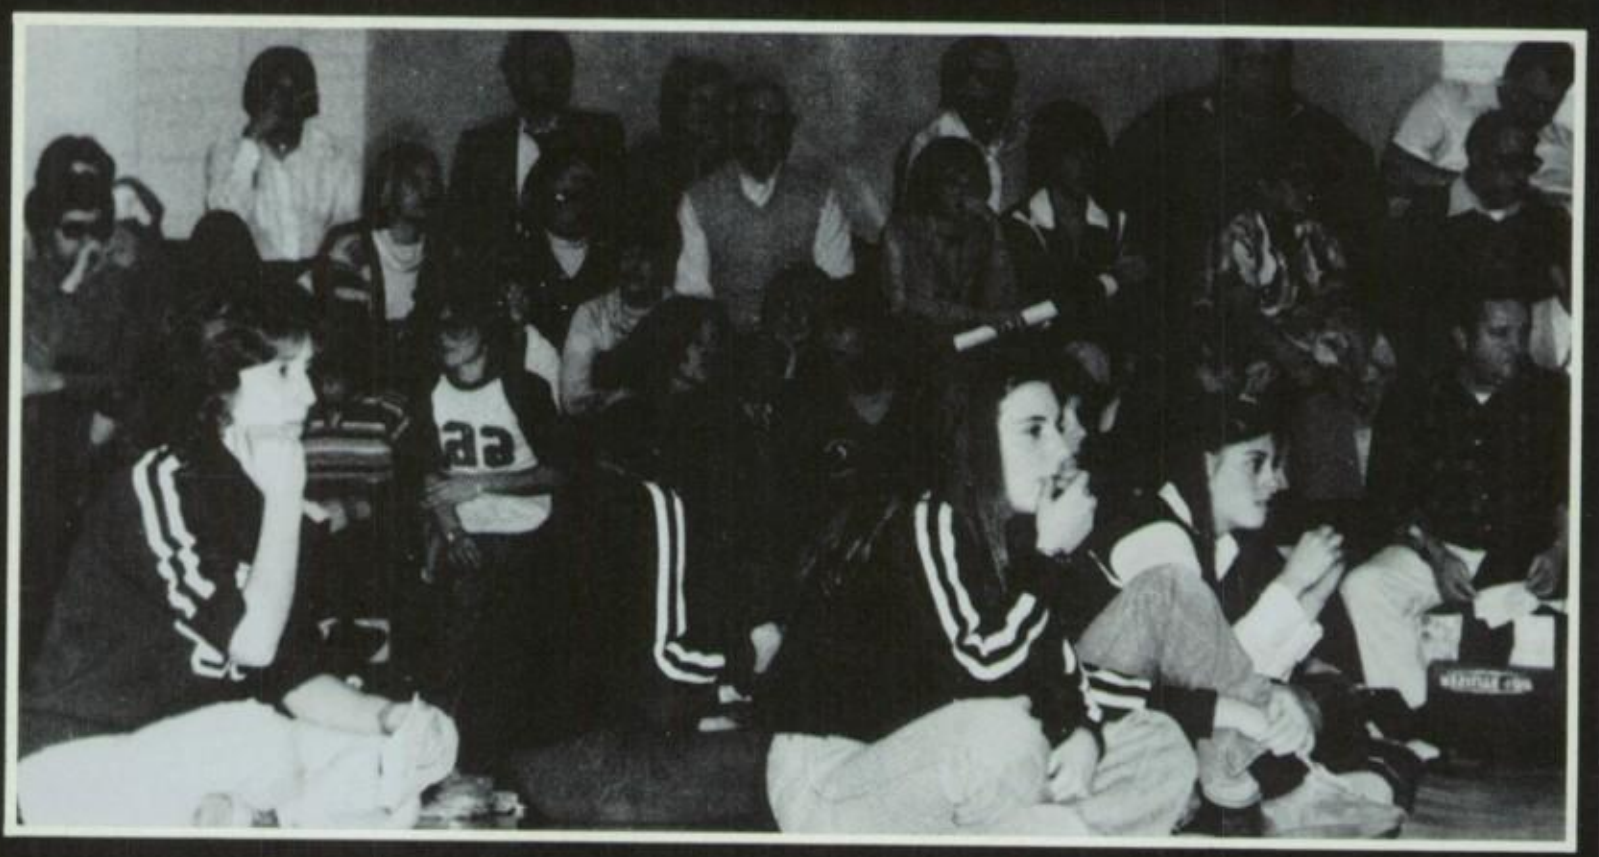
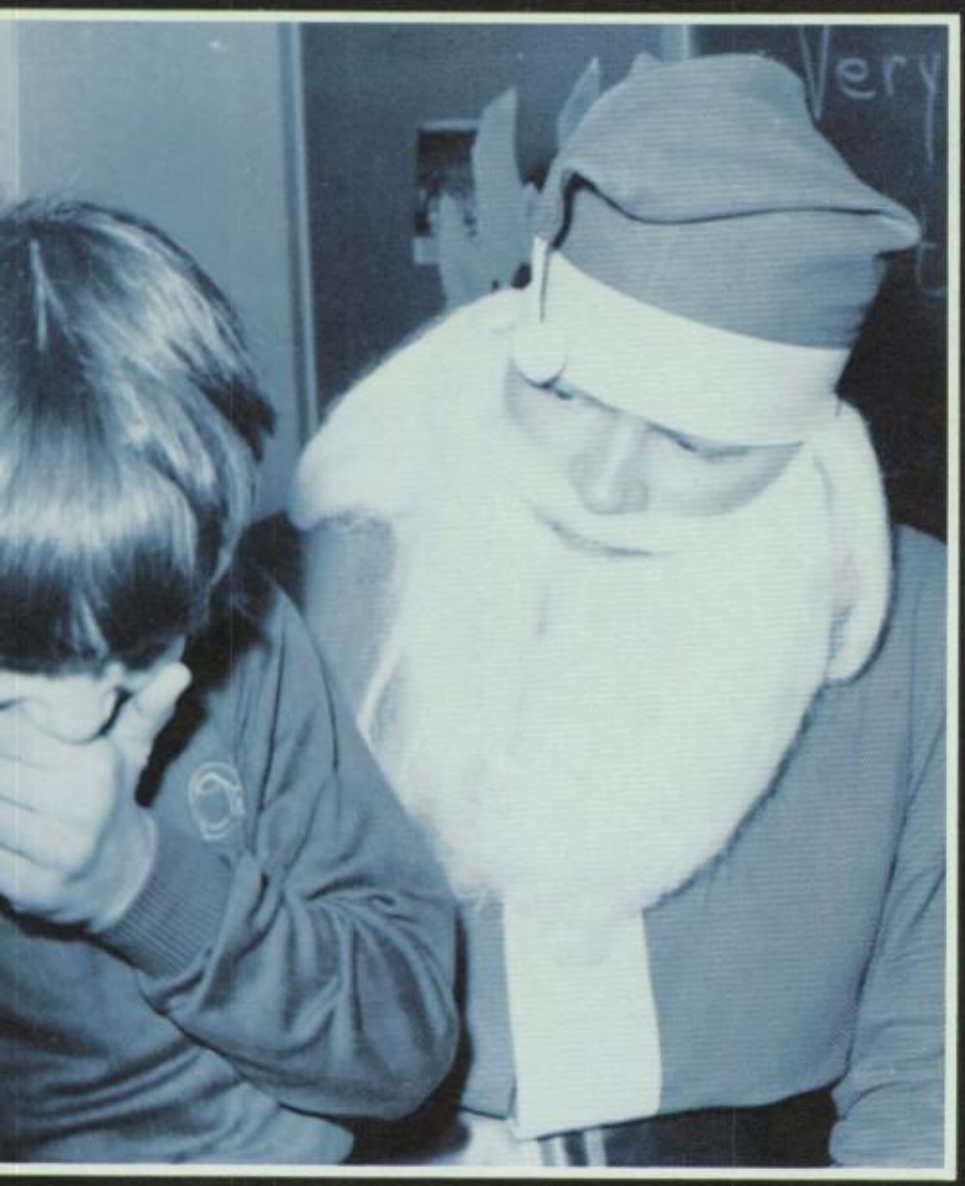
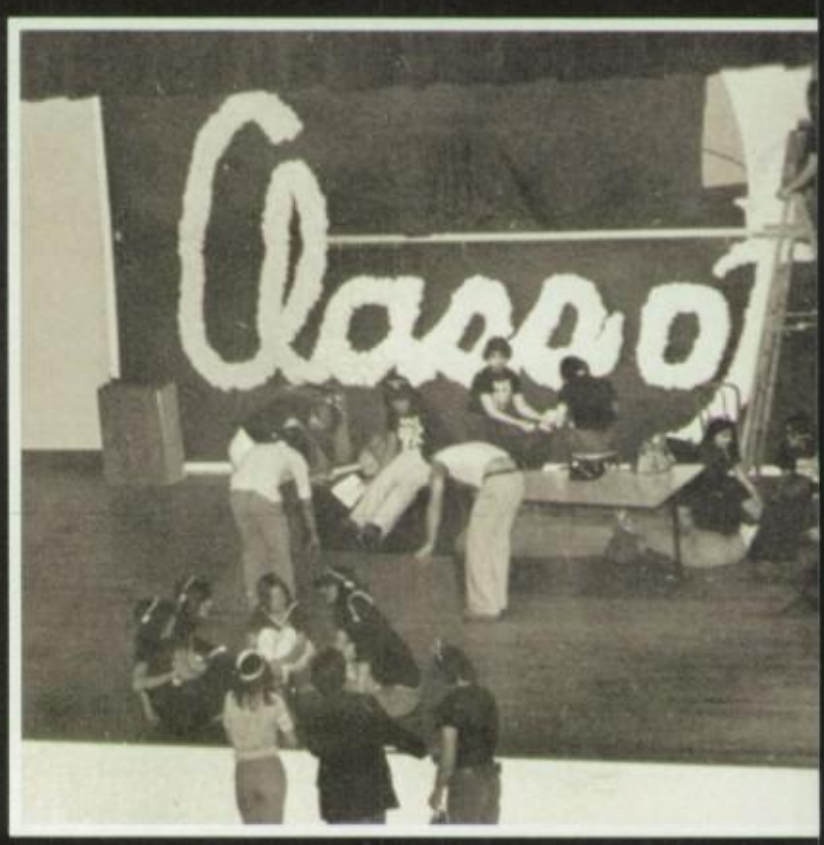
Nature also shapes the year inexorably and unexpectedly.
Autumn suddenly becomes an icy premature winter.
Snow and ice storms add their imprint to our memory of what becomes the record winter of 1978.





But the snow does not dampen the spirit of the year, the faces and the settings take on new qualities reflecting the excitement of holidays and special events, of dances and parties.

It continues as the days slip by and the end becomes more of a reality. The events and activities crowd upon one another, filling the remaining time. The faces, the activities, the surroundings, the classes and the many individual day by day impressions . . .



. . . merge with time
and come to an end
forming an essence
that remains only as —

National Honor Society Inducts 71

The Hazleton High School Chapter of the National Honor Society formally inducted its 71 members with a candlelight ceremony on March 5, 1978 in the HHS auditorium. Following the members' processional, Mr. Michael M. Minor, principal, provided the welcome and opening remarks. Mr. Anthony Scarcella, director of secondary education, added remarks concerning the members' induction into the society. Brief statements outlining criteria for selection into the National Honor Society were read by the four officers. Criteria include scholarship, leadership, character, and service.

The NHS members then recited the pledge and were called to the stage to receive their certificates. Following the ceremony, light refreshments were served in the cafeteria for members, parents and friends.

"Saturday Nite Live" Senior Program

Due to renovations in the auditorium, the Senior Day Program was postponed until April 14 this year. Despite the delay, senior spirits were high, and class visors and t-shirts were worn by many, and shouts of "78" echoed throughout the school.

"Saturday Nite Live," was the theme for this year's program, and skits from the show such as "the news" and "the coneheads" were performed by senior class members. Closing the program, a local band, "Euphoria," performed.

Prior to Senior Day, a basketball game was held at which only senior members of the cheerleading and band front squads performed and senior members of the basketball team were honored.

Dale Stewart Senior Honoree

On Thursday evening, February 2, the 1978 Senior Banquet was held at Stan Genetti's Pennsylvania Room. Faculty members and almost 300 seniors attended the affair. The class honoree Mr. Dale Stewart, a health teacher and assistant football coach here at HHS, and his wife were guests of the senior class that evening.

A homestyle meal was served and following the dinner, the group, "Sheriff Jones", entertained the crowd.

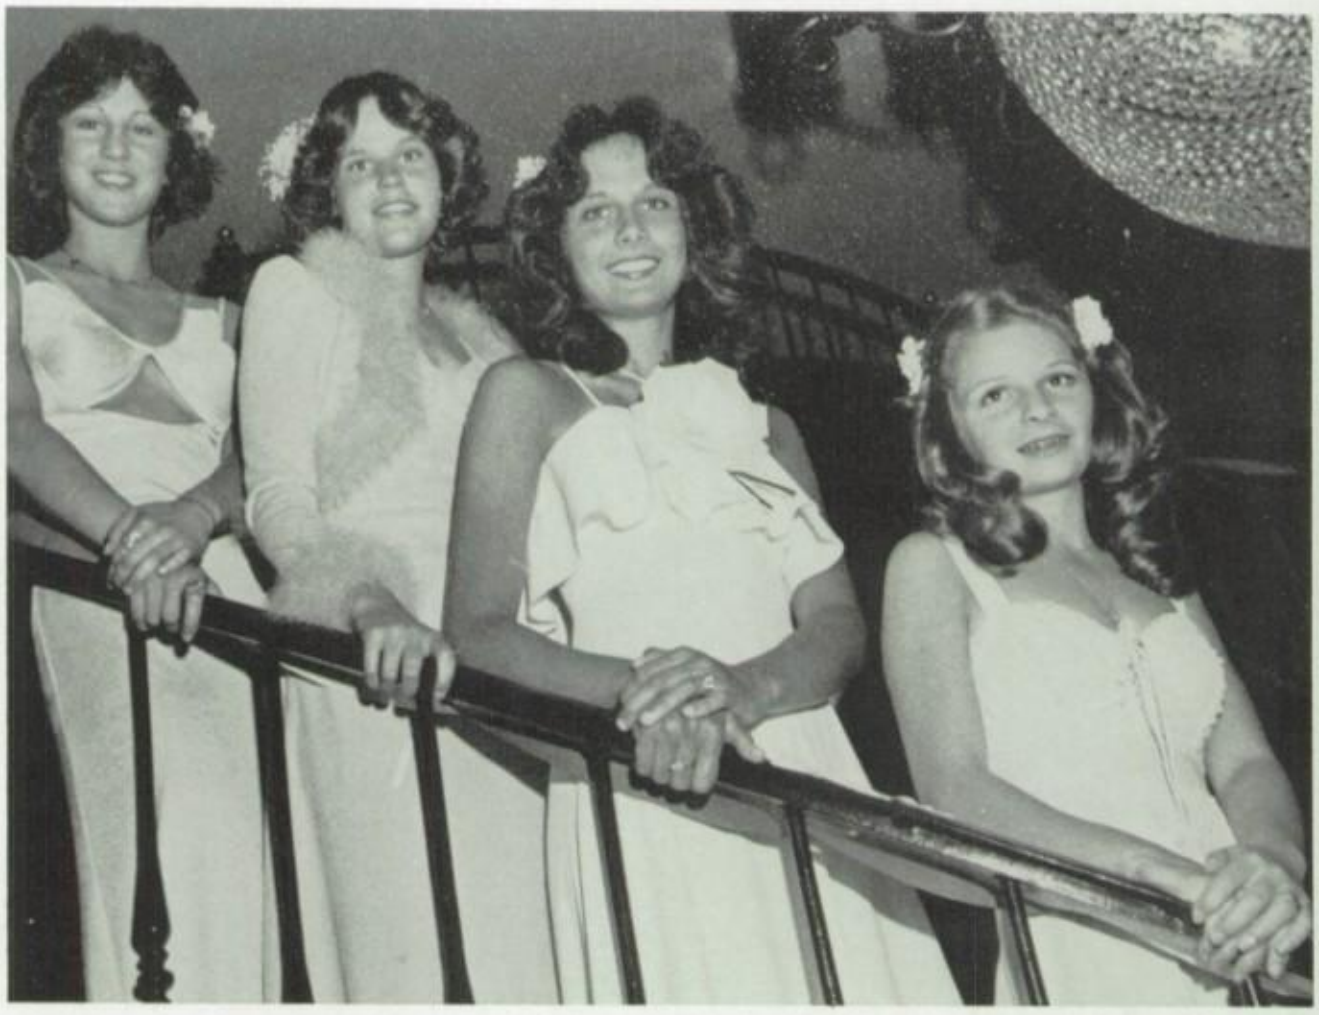
"Stairway to Heaven" Prom Theme

Friday, June 2, 1978 was a very memorable night for many HHS students because it was the night of the Hazleton Senior High School prom. In spite of some rain, a group of well over 400 couples crowded the large banquet room at Gus Genetti's Motor Lodge where the gala event took place.

A new feature this year was the announcement of each couple upon arrival by Kenneth Skuba and Eugene Fellin, after which the couples were photographed.

The hall was well decorated in the traditional colors of blue and white carrying out the theme "Stairway to Heaven," which was also featured on the attractive centerpieces.



"Midnight Sun" played today's popular songs and dinners of New York sirloin steak, Lobstertail, or surf 'n' turf were enjoyed.

Debbie Gwaltney was chosen prom queen and was crowned by Mr. Dale Stewart, senior class honoree.

Prior to the prom, favors were distributed at HHS consisting of attractive glass mugs.

481 Graduated at 102nd Commence-ment

A cool, but clear evening provided the atmosphere for the 102nd annual commencement of Hazleton Senior High School on Friday, June 9, 1978. As the students arrived at Harman-Geist Stadium an unusual event took place. One graduate literally "dropped in" on the proceedings. The senior, Alan Kunkel, parachuted onto the grounds making his 175th jump on the night of his graduation.

This incident was followed by the traditional ceremony which brought to a close the high school education of the 481 seniors present.

The Speaker, Reverend Edward Turnbach, the son of a former HHS principal, stressed the importance of everyone being helpful to others in life.

Ceremonies concluded with the assembly of graduates on the field and the presentation of the Graduates' Creed by Neil Oberto, senior class president.

ACTIVITIES

JANUS Records 1978

This year, as in past years, members of the JANUS yearbook staff worked long hours to put together this annual publication. Selling advertisements and subscriptions to completely finance the book was only part of the job, although a very important part. Staff members also gathered information, planned layouts, took many photographs and printed them, wrote copy and captions for all the photographs, and finally, tried to organize all of these elements in a manner which would meet the criteria of providing a factual and entertaining record of 1978 at the Hazleton Senior High School.

Most staff members shared in many of these tasks and all hope the readers enjoy the results.

MOUNTAIN-EER Informs, Enterains

The Mountaineer staff, made up of students of the Journalism class at HHS, once again put out 4 newspapers dealing with the happenings of Hazleton High School, filled with news, features, and sports of student interest.

Among new elements in the paper this year, a spicey twist was added in the form of a "candid camera" feature. Members of the staff, preceded by a photographer, travelled through the school to carry out surprise skits which were then photographed. Nurse May, Mr. Murphy and Mr. Edmondson were among the victims.

Student Council Organizes Activities

Student Council had a very eventful year organizing many activities which were enthusiastically participated in by each class at HHS.

Fund raising projects included magazine and HHS license plate sales, a spaghetti dinner and a car wash. Part of the money raised was used to help the senior class defray the cost of the prom.

Council members also decorated the cafeteria for Christmas and served as guides during November open house. They were also responsible for the purchase and maintenance of the new bulletin board in the front hall which was installed this year.

New Librarian Advises Library Club

The library club acquired a new advisor this year in the person of Mr. James Rubinate. Mr. Rubinate replaced Mrs. Beck, who retired as HHS librarian at the end of last year.

Library club members therefore had the task of "breaking in" Mr. Rubinate. This was added to the usual duties of checking out books, replacing returned books and generally assisting in the organization and maintenance of the many materials that the library has to offer.

Cadette Dances Popular

The Cadette club, a club open to all female students of Hazleton High School, continued to provide its members with weekly programs, dances, and field trips.

Informal and formal initiations, which took place in early October, were soon followed by the annual Sadie Hawkins Dance, which this year had as its theme "Halloween Hop." December 18 was the date for the traditional Christmas Semi-Formal Dance, "Magical Winter Wonderland," which was held at Gus Genetti's Hall of Presidents.

The club year was provided with a fitting close with the Mother-Daughter Tea, where refreshments were served and a fashion show, in which senior cabinet members modeled, was provided by "Foxmoor Casuals."

PYEA Visits College

The main objective of the PYEA (Pennsylvania Youth Education Association) club is to enable members to become familiar with college life. This is done by trips to various area colleges and universities. This year club members visited Bloomsburg State College. Money to subsidize these trips was raised by the sale of pens and by bake sales. A dance was the major fund raising project at which "Strawboss" provided the music.

The club made a final field trip to Great Adventure Amusement Park on June 26.

Lab Assistants Aid Classes

Laboratory assistants are chosen each year by the various members of the science department from among those students who show a particular aptitude and interest in the different science courses.

Members of these groups help the teachers of lab classes by assisting in the preparation of experiments, aiding students with their work when needed, and by helping to care for the various materials and equipment used in the laboratory.

Radio Club on Broadcast

The HHS radio club, through the weekly program "Retrorap" broadcast on station WAZL, provided the listener with music by top rock artists, school news and sports, concert and album reviews and the history of various rock groups. In addition, Mark Klemow, a member of the club, served as the familiar voice making all the announcements over the public address system each morning.

Members of the club thus had ample opportunity to learn something about broadcast communication through actual experience.

Diggers Enjoy Parties

Members of the Diggers Club provided smiles and laughter to many children in need of both. Through various fund-raising activities, they were able to finance and plan a series of parties for the special education students, in the school district. As in past years, the themes of the parties centered around the holidays of Thanksgiving, Christmas, and Easter.

Diggers members also acted as chaperones for a visit to the circus by a group of special education students.

As a reward for these efforts, an end of the year party for the Diggers members was held at Lobitz's with music by "Dr. Smooth."

Foreign Language Club Active

The Foreign Language Organization had a very active year in 1978.

This club gives foreign language students a chance to expand their knowledge of their chosen language, and to learn more about the culture of the country being studied.

Featured programs throughout the year included decorating a bulletin board in accordance with the various major holidays. Decorations symbolized the different languages taught at HHS.

The National French contest provided some students with the opportunity to compete against language students from other schools.

In addition, a Christmas party was held for all members where carols were sung in the different languages — Spanish, French, German, and Italian. At the end of the year eligible students went on a field trip to Hershey Park.

Ski Club Enjoys Snow

At least one group of people at HHS was probably very happy about the record snowfall of the winter of 1978.

The Ski Club, one of the most popular clubs at Hazleton High School, took advantage of the snow to make six trips to Pocono ski areas. Beginners and novices were urged to take lessons, while the more experienced skiers took to the slopes on their own. Club members sold cards and candy to alleviate expenses.

Health Careers Club Learns About Health Field

The Health Careers Club provided its members with the opportunity to investigate the many professions and career possibilities in medicine and related fields of health care.

This year's activities included a field trip to Williamsport State Hospital and a number of guest speakers including a psychologist and an x-ray technician.

A bake sale was held to help finance the club's Williamsport trip.

TOP: Mrs. Florence George, advisor, discusses agenda with Judy Kapuschinsky, president, and Sandy McCoy, program chairman. **ABOVE LEFT:** Club members listen to guest speaker, right, discuss x-ray technology.

DECA Club Career Oriented

The distributive education program offers participants merchandising courses and on-the-job training for those students who do not plan to attend college or trade school, but are in need of a career following high school. For these students, DECA, Distributive Education Clubs of America, provides recognition and worthwhile activities related to the D.E. program.

Stage Crew Curtailed by Stage Damage

The stage crew, under the direction of Mr. Bernard Gatski, basically handles any preparations necessary for the use of the HHS stage by school or community groups. Although somewhat curtailed in their activities due to damage to the stage area this year, the crew was helpful, following repairs in the spring, to several groups involved in use of the stage at year's end.

FBLA Honors Principal

The Future Business Leaders of America Club proved to be one of the most active clubs here at HHS. The members belong to the regional, state, and national FBLA which enables them to compete on these levels also.

Among the club's activities throughout the year were FBLA week, February 12-18, proclaimed by Mayor James Paisley, field trips to the Hazleton National Bank, People's Bank, and the Wilkes Barre Courthouse. Fund raising projects included a fashion show by Foxmoor Fashions, from which the proceeds went to the March of Dimes, and a panda bear sale with its proceeds benefiting the Children's Hospital in Pittsburgh. A new tradition began this year with the presentation of carnations to the secretaries of Hazleton High School during National Secretaries Week.

At the conclusion of the year the annual banquet was held and outstanding club members were honored. Among those honored were Helen Sisock, Debbie Kohler, Laurie Trella, Jean Sauer, Sharon Doyle, Patrice Chintala, and Denise Minor. Mr. Michael Minor received a plaque in appreciation for his dedication and services to business education students.

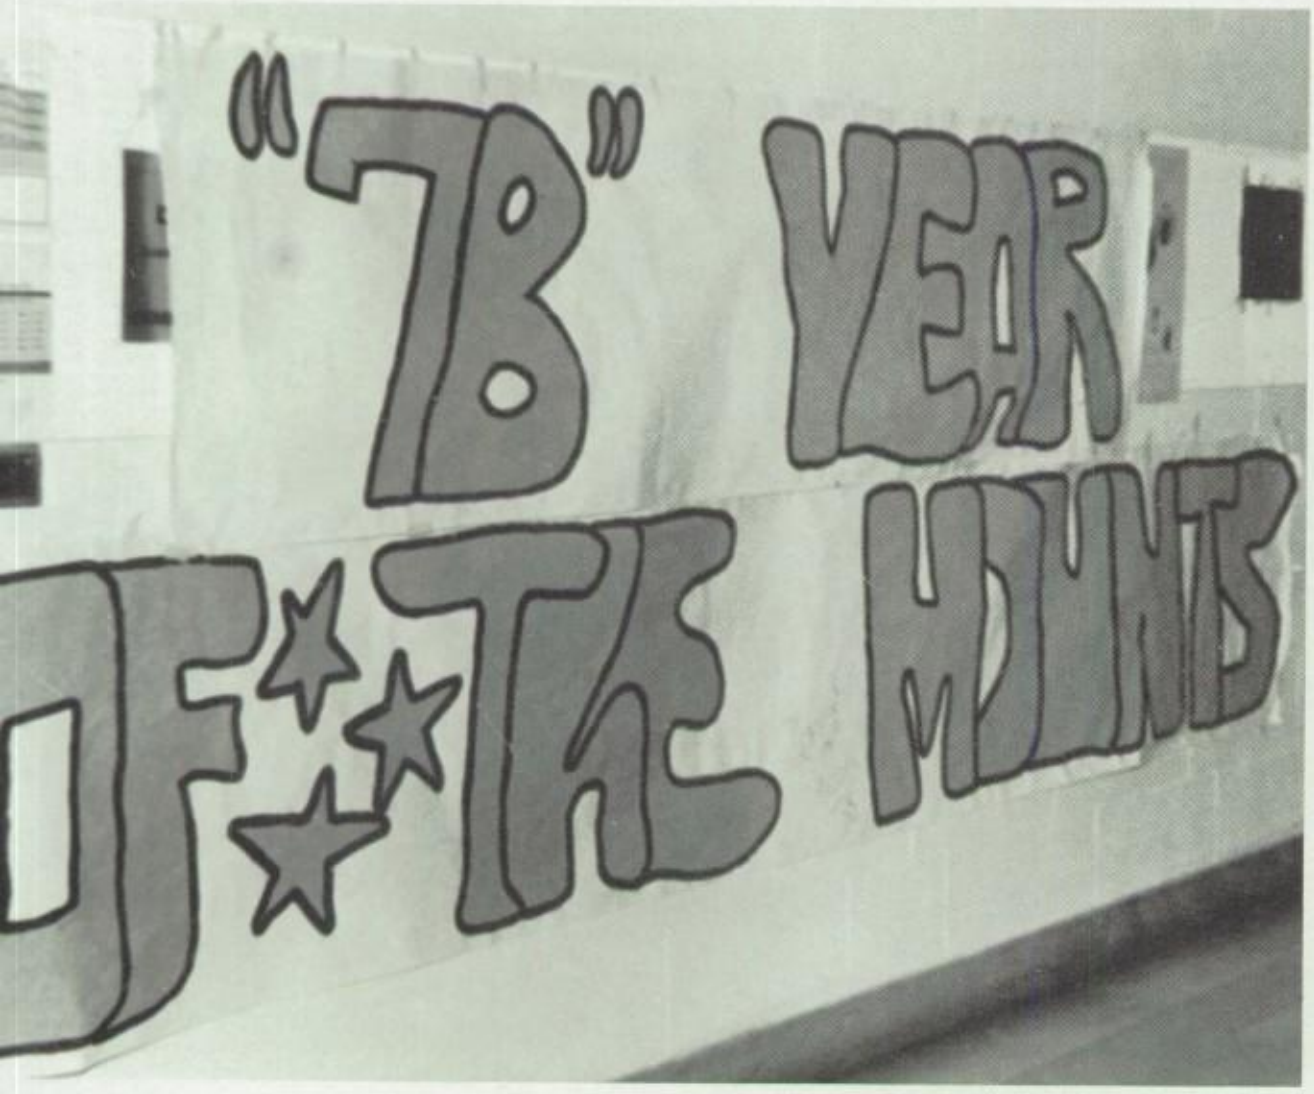
Spirit Club Generates Support

As its name makes clear, the main purpose of the Spirit Club is to generate school spirit and support among the student body.

Members paint huge signs displayed around the school to build support for the various athletic teams and to help motivate them to win.

Fund raising activities this year included a button sale and several dances sponsored by the club. A new twist was also added with the sale of "Bubble Gumless" cards which contained pictures of each member of the 1978 football team.



ABOVE: One of the signs made by spirit club. **RIGHT:** Club members listen to discussion of planned activity.

"Movies" Dolphin Theme

With movies as this year's theme, the Dolphin Club put on its annual water extravaganza May 4 and 5 in the HHS pool. Lavish costumes and decorations depicting movies from the 1930's to the present date helped to create the atmosphere.

Synchronized swimming talents were well represented with music ranging from the beautiful "Tara's Theme" from "Gone With the Wind," to the jazzy "Cabaret." Anyone who attended this spectacular event can surely agree that it was a truly entertaining evening.

Thespians Stage "Charlie Brown"

Thespian activities were limited this year by damage to the stage area at HHS. After repairs were completed, the group, under the direction of Mr. Raymond Smith, began preparations for the musical adaptation of "You're a Good Man, Charlie Brown," based on the lovable characters from the "Peanuts" comic strip. The musical was presented for two performances before appreciative audiences at the end of May and was well worth waiting for.

Chorus, Glee Club Have Musical Year

The fine tradition of choral music at HHS continued this year in spite of the setback caused by the damage to the stage area early in the year.

Unable to present their usual programs on the HHS stage during most of the year, the Advanced Chorus, Girls' Glee Club and the Ensemble, a new group, nonetheless had a full and active year. Performances included programs presented at Stan Genetti's, the Luzerne County Courthouse in Wilkes-Barre, and at the Heights-Terrace Elementary School during the Christmas season, in addition to the traditional caroling through the halls of HHS before Christmas vacation.

With the auditorium repaired and the stage in good order, the groups, under the direction of Mr. Raymond Smith, were able to conclude an active year with a successful spring concert at HHS in May.

Band Returns to Florida

The Hazleton High School Band, under the direction of Miss Elsie Hochelle, had another very active year. The band, besides educating students to appreciate and play good instrumental music, also adds spirit to the school and participates in a number of community activities.

Many fund raising projects, including the sale of hoagies, candles, beach towels and chances on a car, were undertaken for the purpose of having the band return to Disneyworld in Florida in May. While in Florida, the band participated in a parade down Main Street in the Magic Kingdom in honor of the 50th birthday of Mickey Mouse.

The band also participated in 3 band competitions this year and won honors in all of them. There were many parades in the fall and spring of the year, notably the Hazleton Area Mummers' Parade in which they took 1st place for the second year in a row. The group was also invited to again participate in Band Day at Gettysburg College, and to March in New York City in the Salute to Israel Parade.

Other highlights of the year include their very successful spring concert called "A Dimension in Sound," and the selection of several bandsmen to District and Regional Band. Band officers this year were: Sandra Walton, president; Joanne Cunfer, vice-president; Judy Kapuschinsky, secretary; and Cathy Moore, treasurer. Credit should also be given to the Band Parents' Association, which operated the concession stand at the football stadium and organized the fund raising projects.

Band Front Participates

The band front, an added attraction to the band proper, consists of six groups. They participate in all marching activities throughout the school year in addition to performing at all home basketball games.

Some of their performances this year included the Greater Hazleton Area Band Competition, The Hazleton Area Mummers' Parade, and the Salute to Israel Parade in New York City. The band front also participated in the Florida trip, which was the highlight of the year.

Cheerleaders Active

As usual, the cheerleaders had a very active year bringing out spirit at pep rallies, football and basketball games; teaching the student body the many cheers intended to motivate the athletes to victory.

Among other activities this year, a spirit contest was held in the Church Hill Mall parking lot in which the HHS girls were pitted against the cheerleaders of other local schools.

Despite a rather sparse turnout of students to support them, the HHS cheerleaders made it known that Hazleton High School has a large reservoir of spirit.

Homecoming Colorful Event

A new element was added to the traditional homecoming ceremonies this year. A homeroom decorating contest was held in order to promote spirit throughout the school. Homerooms competed against one another and the result was a lively display of school colors and symbols. Mr. Michael Minor, principal; Mr. George Leitner and Mr. Dale Long, vice-principals; Miss Concetta Libonatti, secretary; and Mr. Daniel Veet, guidance counselor judged this event and a winner was chosen from each class. Senior homeroom 107 and Sophomore homeroom 202 were the winners from their respective categories. Homerooms 311 and 203 tied for first place among the Juniors.

The climax of the ceremonies was the crowning of the 1977-78 Homecoming Queen, Michele Citro by HHS principal Michael Minor at the Harman-Geist Stadium before the final football game of the season against Shamokin Lourdes. The Queen's court which also participated in the ceremonies consisted of Patty Billet, Francine Feola, Linda Forte, Mary Grace Galada, May Reed, and Jackie Rabbitz.

Football Team Performs Well

The Hazleton High School football team completed its second successful season under Coach Michael Klembara with a record of 5-2-4.

Team leaders for the 1977-78 club were Mark Girton, Don Gregory, and David "Duke" Tedesco who also served as team captains.

Placing fifth in their conference, the Mountaineers were the only team to beat Berwick, The eastern Conference Champion, and to hold a better record than previous Mountaineer squads in recent history.

After a frustrating 0-0 tie at Williamsport, the Mounts went on to be kayoed by West Hazleton High School with a 21-11 loss.

What seemed to start as an off season began to improve with wins against Tamaqua, Erie Academy, North Schuylkill, Marian, and Lourdes.

Given a tough schedule the Mounts performed well and provided their fans with many thrilling games and exciting plays.

Climaxing the football season was the annual Hazleton Quarterback Club's football banquet. Major awards went to Don Gregory, who received the Stan Olenn Award for the outstanding back, Mark Girton, the Eugene Boyarski Award for the outstanding lineman, and Dan Petruzzi, the trophy for being the player with the top scholastic record. Other individual achievements include HHS guard Mark Girton who was named to the 1977 All East-Central Regional football team selected by Reading Eagle sportswriter Sam Procopio with the assistance of 53 coaches.

With a wholehearted team effort, the 1977-78 Mountaineer football team completed another successful season and hopefully will provide us with another winning season and more thrilling moments in the future.

The Hazleton High School golf team opened its 1977 season with a new coach, Mr. Edward Matisak, and a relatively young squad.

Individually, Bill Troyanoski set the pace for the Mounts by consistently winning matches and breaking a 10-10 tie against West Hazleton High School. Bill was the only team member who participated in the District 11 Tournament played at the Lehigh Valley Country Club in Allentown, where he shot an outstanding score of 76. John Suda also provided the golf team with several outstanding performances.

During a brief interview, Coach Matisak commented that the job was an enjoyable one. He was also surprised at the small number of team members and the lack of female interest in the sport. He felt that golf, in years to come, should prove to be a popular sport at Hazleton High School.

Cross Country Impressive

The HHS cross country team completed its eighth successful season under Coach Charles Warg with an 8-2 record for the boys and a 5-2 record for the girls.

Outstanding on the boys' team throughout the season were Richard Wolfe, the top runner, and Mickey Telatovich, who was the most improved runner this year. 1977-78 was the first year the girls had a full team in competition and they did very well with team members such as Linda Matyas, who set a new school record of 15:12 on the home course.

The boys had their best finish ever in the All League Meet at Hidden Valley golf course taking 4th place out of 14 teams entered. Richard Wolfe finished 15th, Angelo Matz 21st, and Dan Drumheller 22nd in a field of 82 runners.

The last event of the season was the Schuylkill League Cross Country District 11 Meet also held at Hidden Valley. The boys finished 9th out of 13 teams, hampered by injuries received by top runners Wolfe and Telatovich earlier in the season. The girls placed 7th out of 7 teams entered, with Linda Matyas coming in 14th in a field of 41 runners with a time of 13:17.

A lack of experienced team members was the basis for the continuation of problems which have plagued the HHS boys' swim team for several years.

The effect of this lack of depth could be seen in several instances during the season when HHS finished first in several events but ended up losing the particular meet because of insufficient numbers on the team.

In spite of this problem the team record was substantially improved this year with three wins — more than in any other season in recent memory. Although 2 of these were forfeits the record remains a definite improvement.

Winning a number of individual events during the season were team members Mark Moisey, Bill Amerise, Mike Kranyock, Anthony Sharpless, Mike Sharpless, and Keith Kirchdoerfer.

Boys' Basketball Exciting and Surprising

The 1978 HHS basketball team got off to a very impressive start with four straight wins before losing a cliff hanger at Bethlehem Freedom. With a new head coach, Chris Perry, the Mountaineers began an exciting and often surprising season by knocking off three teams they had lost to last season, Marian, Lourdes and Wyoming Area, showing a well balanced attack and some fine teamwork and shooting.

The Mounts wound up the first half of the East Penn League race with a winning 6-4 record but suffered a series of losses during the second half to wind up 2-7 in that series and 12-12 overall before going into PIAA District 11 Class AA playoffs. While this tally is nothing to be ashamed of, it must be noted that Hazleton went against taller teams all year long in a season punctuated by a series of postponements and uncertainties caused by a number of severe winter storms.

The team should be commended for a good season in which they displayed fine teamwork, spirit and a lot of individual talent.

Congratulations to Coach Perry for an impressive debut as head coach and also to JayVee Coach Bruce Lieb, also in his first season in that capacity, whose team compiled an excellent 18-6 record.

Wrestlers Imrpessive

The Hazleton High School wrestling team, with a relatively young and inexperienced squad and a new head coach, Don Rohn, compiled a very impressive 12-4 overall record in the dual-meet season this year. Matches against highly rated Lehigh Valley teams such as Dieruff and Saucon Valley and several tournaments resulted in great improvements in the team during the year, according to Coach Rohn.

Following PIAA District 11 Class AAA sectional competition at Bethlehem Liberty, Dennis Buchman (148) a junior, became the first HHS wrestler in modern history of the sport to advance to the regionals. He battled back in the consolations after a loss in the semifinals to win two matches and go on to competition in the Northeastern Regional Tournament.

At season's end, the Greater Hazleton Takedown Club recognized both senior and junior high wrestlers at its annual banquet. At the banquet, Joe Kurczewski received the award for most team points, most pins, and most takedowns in senior high competition. Wally Bloss received the Walter S. Pawlowski Memorial Award, given to the wrestler displaying the greatest leadership ability throughout the year.

Girl Swimmers Set Records

The HHS girls' swim team ended their season with three wins under Coach Cathy Norton, a definite improvement from recent years.

New school records were set by team members Lisa Thomas, Cori Zink, Peggy Schnitzer, and LouAnn DeAndres in the 200 yard medley relay with a time of 2:17:2. Juniors Cori Zink and Peggy Schnitzer both broke school records individually in the 100 yard breast stroke with a time of 1:20 and the 200 yard individual medley with a time of 239:5 respectively.

Coach Norton expects next year to be one of the best seasons for girls swimming at HHS due to outstanding performances by several underclassmen this year.

Girls' Basketball Team Wins League Title, Coach Dunn Retires

The HHS girls' basketball team whipped West Hazleton High School 70-41 in the final game of the season to win the Anthracite Girls' Basketball League championship with a perfect 12-0 record. Noreen Garzio, a junior, set a team record by scoring 37 points in the game. Coach Jane Dunns' team finished with a fine 16-2 overall record in regular season play.

The Mounts then went into a PIAA District 11 Class AAA girls' basketball playoff at Emmaus against Allentown Allen, lost a 12-0 lead and, despite a valiant effort, were never able to catch up, losing the game by a 61-49 score.

Coach Dunn, at the conclusion of the season, announced her retirement as head coach after 17 years in that position. Miss Dunn completed one of the most successful coaching records in HHS history with the excellent mark set by the 1978 team. She was later honored at a testimonial dinner at the Elks Lodge.

The Jayvee team, coached by Cathy Norton, also compiled the best overall record in the league this year, finishing with an impressive 16-1 score, and winning the Anthracite Girls' Basketball League JayVee Championship. Both teams are to be congratulated for their excellent performances.

Bowling Team Takes Firsts

The HHS bowling team competed in the Anthracite Interscholastic Bowling League during 1978 against tough competitors from other regional schools. The other schools in the league are Bishop Hafey, Freeland, Marian, MMI, and West Hazleton. Under the direction of a new coach, Mr. Joseph Feola, the team did very well in the league with the boys' scratch and boys' handicap teams both taking first place.

Three outstanding bowlers for HHS were Carlo Saullo, John Suda, and Cindy Scott. Saullo had a high game for the boys with a 229 and a high game series with a 410. Suda also had a high game of 229. Cindy Scott had a high game and series for the girls with a 209 and 374 respectively.

Tennis Team Captures Title

In its second year of PIAA competition the HHS tennis team captured the Mountain Area High School Tennis League Championship. The Mountaineers, unbeaten during the second half, defeated MMI, the first half champions to take the overall title 30-24.

The number two doubles team of Charlie Robinson and Mark Schnorr, playing consistently throughout the season, remained undefeated. Playing the number 1 and number 2 singles for the team this year were Mike Hanlon and Faith Ann Conahan.

Track Teams Have Winning Season

The Hazleton High School 1978 Track team had an impressive season of league competition. Coach Charles Warg's team featured many outstanding performances which shattered a number of school records in this sport.

Among these, Dave Tedesco was a consistent winner in the shot put, discus and javelin events, setting records of 160' in the discus and 175'5" in the javelin. Angelo Matz was a winner in long distance running setting a new school mark in the 2 mile run. Gene Fellin set a 12'3" mark in the pole vault smashing his own previous record in that event.

In addition, Dean DiBonifazio set a HHS 100 yd. dash mark of 09.9. Many other team members were also consistent winners in their various events throughout the season contributing to the fine overall record set by this year's Mountaineer squad.

The track team also finished first in competition in the Huskie Invitational Meet at Bloomsburg State College scoring 62 points in that event in which the HHS girl's team finished third.

In the Schuylkill Track League All-League Meet, the Mounts came away with 5 second places to finish third overall — the best mark ever set by a HHS team in the All-League Meet.

The girl's track team, coached by Gene Potten also had a winning season with some fine showings in many events.

The 1978 Girl's Softball Team had a respectable season completing the first half of the Girl's Anthracite Softball League with a 3-3 record and improving on that mark with a 4-2 record in the second half to finish 7-5 overall.

Among the standouts on Coach Betsy Lucadamo's Mountaineer team were Pat Marsicano and Linda Dargay, seniors; and Jocelyn Halecky, Rose Dwyer, Lou Ann DeAndrea and Susan Medvecky, juniors.

HHS Baseball Team Wins 19th Championship

HHS won the McGeehan School Baseball League championship for the 19th time, this year, by defeating Lourdes in two straight playoff games 11-2 and 12-2.

It was a best of three series but the Mountaineers didn't need the third game, winning the title for the fifth time in the last six years.

Coach Ed Morgan's Mounts had earlier wrapped up the Northern Division championship by beating Bishop Hafey in a playoff 3-2.

Congratulations to the Mountaineer Baseball team for another fine season.

FACULTY

School Board Seats New Members

The Hazleton Area School Board underwent several changes in 1978 following the November elections. New members seated on the board were Theodore Hollick, Donald Book and Frank Dushanko. They replaced Warren Zehner, Vic Piazzi and Thomas Elias, all of whom had served out their terms on the board. At the reorganization meeting Frederick Barletta was reelected president and Frank Dushanko was elected vice-president.

Central Administrators Play Decisive Role

Central administrators of the Hazleton Area School District, headed by Mr. Daniel Parrell, superintendent of schools, are responsible for all facets of the policies and programs that effect every student enrolled in the school system.

Among the many problems dealt with by these administrators during the year were those concerning the various aspects of the school construction program and the many schedule revisions made necessary by the severe snow and ice storms of the winter.

TOP: Daniel Parrell, superintendent of schools. **BOTTOM, (L. to R.):** Anthony Scarcella, director of secondary education; John Gallagher, director of curriculum and research; Carl Dargay, director of special services; Eugene Fellin, secretary-business manager.

Principal, Vice-Principals Have Busy Year

The primary responsibility for the smooth functioning of Hazleton High School including the supervision of the many aspects that go into the operation of the educational process within the school is borne by the principal and vice-principals.

Seeing that an effective instructional program is carried out is only one part of this over-all responsibility, which also includes such areas as extra-curricular activities within the school, scheduling, teacher evaluation and student discipline, along with the many unexpected day-to-day problems that occur throughout any school year.

Mr. Michael Minor, principal, and Mr. Dale Long and Mr. George Leitner, vice-principals, were again equal to the task of carrying out these many responsibilities efficiently, insuring another successful year at HHS in 1978.

TOP: Michael M. Minor, principal. **BOTTOM, (L. to R.):** Dale Long, vice-principal; George Leitner, vice-principal.

Secretaries Important

The secretaries at Hazleton High School actually are indispensable to this educational institution. They are the ones who keep the finances straight or organize the students' records. These women hold various duties from answering the telephones to writing multi-digited checks. Without these "wonder women," this school would be in utter chaos!

Services Provided at HHS

Along with the teachers and administrators who are directly involved in the educational process, there are a number of other people necessary for the effective functioning of a school. These include the school nurse, librarian, kitchen staff, maintenance people and attendance officers. Services provided by these people are essential to the school, the teachers, and to the students.

Guidance Available

Who do you see when selecting courses? If you can't decide which college to attend, who do you ask for help? The answer, of course, is the guidance counselors. These individuals are devoted totally to aiding the student body in the making of important decisions. Whether it concerns high school, college or an occupational field choice, the guidance counselors are ready and waiting to help. In line with this, the guidance department schedules various college representatives for school visitations to hold private conferences with interested students.

Guidance counselor Sam Scalleat discusses scheduling possibilities with student.

English Varied

In poems, essays and dramatic works of fiction, writers like Shakespeare, Poe and Ben Jonson were able to convert ordinary nouns, verbs and adjectives into timeless works of art.

English classes at Hazleton High School explore the wide range of expression possible within the language from the basic structure of grammar and construction to the study and analysis of great works of American and English literature.

The variety of styles and topics covered in the English classes keeps student interest high during the year and provides the basis for insights, knowledge and understanding toward many aspects of life.

Math Courses Available for All Students

We all know that 2+2 equals four, but do we know what the cosine of 1 is or what the factors of $x^2 - 4$ are? Answers to these and other problems are found by the students in College Algebra and Trigonometry classes at HHS. In addition to this course, students may become acquainted with isosceles triangles, area problems and standard deviations in courses in geometry, calculus, and probability and statistics offered by the math department.

These courses cover a wide spectrum of the field of mathematics and are supplemented by other courses in the subject that, together, provide something for almost every student regardless of future plans.

Consumer Math, for example, provides the necessary background for intelligent decision making in family finances. Math Analysis is an additional course available to the college oriented student while General Math may be taken by the student not planning extensive math studies beyond high school.

Social Courses Prepare Students

The important events of history including world wars, depressions, treaties and their significance in shaping the modern world form the basic content of sophomore history classes at Hazleton High School.

The customs and government of people in faraway countries such as China, the Netherlands and the Soviet Union are among the areas studied by junior year World Culture classes.

Economics, with emphasis on such topics as insurance, banking, taxes and social security, is given special emphasis in the senior social studies curriculum.

These courses and others offered by the social studies department are designed to prepare students for life as responsible and informed citizens in an increasingly complex society.

Sciences Stress Observation, Theory

Test tubes and beakers, microscopes and dry cell batteries are just a few of the educational materials used in the science labs of Hazleton High School. Chemistry, Biology and Physics are the three main science courses offered. Advanced chemistry and biology courses are available which offer intensified and more complex work for the college bound student with a science interest.

Courses in the science department are broken down to include the study of scientific theory and actual laboratory work which supplements the textbook material. The lab work serves to clarify many of the basic concepts of the natural world. Students may observe why the battery transmits energy through thin wires or how hydrogen and oxygen combine to form water, just as they may gain greater understanding of the physiology of an earthworm through careful examination.

With this sort of background it is quite possible that some of those individuals who, through their ideas and discoveries, add to our body of scientific knowledge, may just get their start in one of the science classes of HHS.

Languages Popular

Language offerings at Hazleton High School include the standard and popular French and Spanish. German and Italian have been gaining in student participation in recent years and last, but not least, Latin is taught particularly for those students with plans to study medicine or law where the language is extensively used.

Along with usual classroom methods, extensive use is made of the language lab, enabling the student to learn the native pronunciations through tapes in quiet concentration.

Several HHS students did quite well in language competition against other high schools this year. In French Joan Esposito won second place honors and Chris Cusatis placed third while Mary Ann Benyo took first place in Spanish competition.

One of the most popular activities in the language classes this year consisted of the preparation of native dishes from the country being studied. The students planned, prepared and finally enjoyed the meals with the cooperation of the home economics department.

Business Classes Continue Growth

The year has been one of growth for the Business Department. A new course was introduced devoted to the study of economics. A unique feature of the course was the assistance given in teaching by the Economics department of Kings College. Other recent additions to the curriculum include a course in Academic Accounting for the college bound Accounting and Business Administration majors and a course in notehand to aid the college student in taking effective notes.

New equipment made available in the department this year included a simulated office practice laboratory for secretarial studies, and a new billing machine. These resources were added to the recently acquired IBM memory typewriter, electronic calculators and an IBM transcription machine which make the department well equipped to train students for billing clerk and word processing positions.

Driving Program Detailed

"Fasten your seat belt," "Check your mirrors and gauges." "Now turn the ignition on." These are some of the statements that a driving instructor might be heard making to a student learning the first steps behind the wheel of a car.

Before that ever happens, each student completes one year of driver's theory. In this course the rules, regulations and laws are studied along with various mechanics involved in driving an automobile.

The entire program is very detailed and well organized providing the theory and practice necessary for a student to become a good, intelligent and safe driver.

Changes in the faculty in 1977-78 brought Mr. Charles Warg and Mr. Joseph Andrews to HHS as instructors in the Driver Education department.

Health, Gym Diversified

Diversity is a good description of the health class contents at HHS. Discussions range from personality traits and types to abortion, divorce and family finances. Films and other visual aids supplement class work and students get many opportunities for actual involvement in some of the areas studied. An example of this is the first aid unit of the course where each student gets some practical experience in bandaging techniques.

Physical Education affords each student the opportunity to tone up the muscles and trim down the body through organized physical activities. A weight lifting program using the recently acquired universal gym has been introduced to supplement the many other activities available in this area.

In addition to these and other activities, life saving is introduced in the swimming classes, which, coupled with the first aid techniques taught in health, should prepare each student to handle many emergency situations.

Electives Broaden

Elective courses are available at HHS to satisfy almost any area of student interest. Students may study drafting, learn about the functioning of various engines or work with wood, metal and plastics in the various shop electives. Those with an interest in music may join the band or one of the vocal groups, while students in creative crafts construct original designs in silver, clay and textiles. Fine arts offerings include sculpture, drawing and painting, and printmaking and photography. Cooking and sewing are interests that can be pursued in home economics classes.

These, and other elective courses available, make it possible for any student to receive a truly broad education.

Top Ten Graduates Announced

The top-ten students are selected each year entirely on the basis of those who have attained the highest academic average over their entire high school careers.

The ten are singled out to represent the entire senior class at commencement exercises receiving their diplomas at these ceremonies.

The achievement of these graduates is also recognized each year at an academic awards banquet sponsored by the Chamber of Commerce at which they, along with the top ten students from the other regional high schools are honored.

This year's top ten seniors represent academic excellence, but also, in many cases, they represent students who have made contributions to many other areas of school life and school activities.

The Senior Class Officers, chosen at the end of the junior year, by the majority of the class, continued to provide many activities, dances, and fund raising events throughout the year.

Among the activities sponsored by the officers was the class picnic, held at Carmen's grove in early August. A fish fry and magazine sale were other fund-raising projects. Also organized by the senior officers was the Class Banquet, held at Stan Genetti's, the senior day program, and "78" visors, which served as the class hat.

Newly formed this year was the Executive Committee. Composed of dedicated senior students, in order to aid the class officers and student council in their projects.

The main purpose of the class officers is to conduct the social event of the year, the Senior Prom, which this year was held at Gus Genetti's, and had as its theme "Stairway to Heaven."
